

## AN INTENSE MOISTURE & PROTEIN BOOST FOR MORE MANAGEABLE HAIR

This lightweight, moisture-rich conditioner eliminates tangles and leaves hair healthy and glossy without weighing it down

**THE STORY:** This moisturizing, organic conditioner is the perfect application to guarantee healthy, more manageable hair. It is infused with antioxidants and anti-inflammatory Omega-3 oils from cold-processed K48 Plus, Antarctic krill oil. The natural and organic ingredients serve to replenish and moisturize while the beneficial addition of essential oils will lift your spirits and calm your stress as you shower.

### NUTRITION FOR THE SKIN:

Our hair takes a lot of abuse from styling and coloring. An investment in the best possible conditioner pays huge dividends in healthy hair and conditioning your scalp is as important as your hair. The natural, nourishing herbs and fragrances in our toxic free conditioner are like a daily aromatherapy session to ease stress and increase mental focus while they improve your hair and scalp.

### THE SCIENCE:

Most people don't recognize the benefits to the scalp of a fine herbal conditioner. When you add the antioxidant and anti-inflammatory benefits of K48 Plus Omega-3 Oil, you have a multi-functional product. Most people are exposed to over 200 synthetic chemicals in their hair products every day. Many of them cause unsafe build-up not only on the surface but inside the body over time. A conditioner containing only natural ingredients and fragrances greatly lowers your chances of harm from these chemicals. Chronic lung conditions (like COPD) are a serious and sometimes deadly concern for many people. Most people don't realize that synthetic fragrances in hair care products contribute to and aggravate these chronic lung conditions.
