SHOWER GEL

A BODY CLEANSER AS GOOD FOR YOU ON THE INSIDE AS THE OUTSIDE

This naturally fragrant shower gel laced with all-natural essential oils to leave your skin feeling luxuriously silky and soft. It's light, non-greasy formula will help nourish and moisturize while it cleans.

THE STORY: This moisturizing, organic shower gel is wonderful for all skin types including sensitive skin. It is infused with antioxidants and anti-inflammatory Omega-3 oils from cold-processed K48 Plus, Antarctic krill oil. The natural and organic ingredients serve to replenish and moisturize as they clean while the beneficial addition of essential oils will lift your spirits and calm your stress as you shower.

NUTRITION FOR THE SKIN:

Every time we cleanse our body with shower gels that have synthetic chemicals, our skin pays the price. Put your money to good use. Purchase a product that is natural and nourishing to the skin. This shower gel is an excellent way to treat your skin with respect while at the same time enjoying its light fragrance.

THE SCIENCE:

A shower gel should lift away toxins, not add to them. Most people are exposed to over 200 synthetic chemicals in their personal care products every day. Many of them cause unsafe build-up not only on the surface but, like nicotine patches, they are absorbed inside the body over time as well. A shower gel spread all over your body containing only natural ingredients and fragrances greatly lowers your chances of harm from these chemicals. Chronic lung conditions (like COPD) are a serious and sometimes deadly concern for many people. Most people don't realize that synthetic fragrances in personal care products contribute to and aggravate these chronic conditions. In this product you also have the antioxidant and anti-inflammatory benefits of K48 Plus Omega-3 Oil.
